

1 Install the Pool Unit

Attach the cone (B) to the side of the pool in the recommended location (A) using the double sided sticker. Connect the hooks with the string (C) to the attachment cone on one side, and to the Pool Unit attachment ring on the other side. Place the Pool Unit in the pool.

NOTE: For instructions on pairing an additional Pool Unit, refer to the *Multi BConc* chapter in the *BConc Installation and Operation Guide*.

2 Install the Home Unit

Install the Home Unit on a wall inside the house, near a power outlet and in close proximity to the pool. Connect the Home Unit to the power supply using the USB-C cable.

3 Download the BConc Mobile App

Scan the QR code to download the BConc mobile app.

GENERAL SAFETY INSTRUCTIONS

- Read the entire **BCone Installation and Operation Guide** prior to use (found at www.lifebuoyalarm.com or in the app).
- BCone is exclusively a safety device, not a lifesaving product.
